

# Strategic Partnerships

Chimi farm is a farm that specializes in strawberry and vine. It has 5 locations operating in Hanoi. The farm operates a unique business product – farm tour, where customers can visit the farm and pick the fruits for themselves. Chimi Farm is able to provide training for candidates on planting, caring, picking, packing, and storing techniques, etc.

Our candidates are sent to Chimi Farm for internship placement. At the farm, they can learn fruitpicking and related skills. After workers return from Australia to Vietnam, we can refer them to work here or help them set up similar farms.

## Chimi Farm - Vinh Ngoc Strawberry and Grape Cooperative

Vinh Ngoc village, Dong Anh district, Hanoi city, Vietnam.
